

Good Afternoon

As you are aware Bridgend Town Council has historically disposed of waste and white goods at Bryncethin depot. Due to waste disposal costs having increased substantially we are now going to have to pass on the charge for each bag and item that is disposed of on site to yourselves. The cost will be £5.00 per rubbish bag and you will be billed quarterly for this service. If you could email Parks@bridgend.gov.uk on a weekly basis and let us know how many rubbish bags/items have been skipped that week we will use this information as a record.

Kind Regards
