DRAFT Town & Community Council Fund
Application 2 Reflooring Rooms & Town Hall Community Facility

Formerly Ty'r Ardd - Sunnyside relocation of Evergreen Hall

1.Supporting a Successful Economy	The provision of the community space for the former Evergreen Hall will provide small employment opportunities and provide the means for citizens to receive educational, cultural experiences. The relocation of staff from Carnegie House will also provide more space in the Town Centre of the Town Council Arts and Culture provision enabling regular events that would otherwise be impossible.
2.Smarter Use of Resources	In general terms the provision of additional space for community functions on a regular basis provides a reliable resource otherwise unobtainable.
3.Helping People to be more Self-Reliant	The new space will include a key priority for community groups to meet Health and Safety and statutory compliance requirements. Current services are assumed to expand in the near future dependent upon discussions between the Town and County Council in line with Welsh Government policies regarding the changes to local government it envisages under its 'Measures',
